## **An Important Message today from Master Mingtong:**

*"I'd like to invite you, your friends, colleagues and loved-ones to co-create a vision for Global Healing And Awakening this week — on Thursday, May 27 and Saturday, May 29, 2021.*

*"In this powerful and challenging time we all need connection. Together, through the online chi field let's dedicate our practice, and meditation to challenged by the pandemic, especially in India — and social and political struggle, especially in The Middle East.*

*"The more people join us, the more power and benefit we can activate and embody. The more we engage, the more we benefit ourselves throughout this time of need.*

***"I envision thousands of participants Thursday on Zoom to dedicate healing to the Land and Peoples of the Middle East — as well as Saturday on Chi-TV to dedicate healing for the 2nd wave of pandemic in India.***

*"Through our collective chi field, we can have a reach and impact similar to the medicineless Qigong hospital in China.*

*"During this potent time, our goal is to join all spiritual communities to generate a healing field as a tipping point for global healing and awakening while the portals are open wide and supporting our individual and collective transformation.*

***"Will you join us online Thursday and/or Saturday?"***
